EXPERIENCE

MICROVERSE, *Remote*
Mentor (Volunteer), November 2022– Present
- Mentored over 100 junior web developers, providing technical support through code reviews.
- Proposed improvements to code organization to improve code quality and overall performance by 70%
- Provided advice and tips on how to maintain motivation to maintain longevity in the program for over 70% of the students I mentored.

Ghana Grid Company Ltd, *Accra*, *Ghana*
System Support Officer, and network administrator, December 2021– September 2022
- Rendered services to over 300 workers and 200 clients of the company by working on any computer-related issues either hardware or software related.
- Helped manage the company's network system to prevent hackers from getting access to the company's resources.
- Set up LAN (Local Area Network) in some of the company's substations.

GCBBANKGHANA, *Accra*, *Ghana*
System Support Officer, and network administrator, July 2019– September 2019
- Configured a new server for other branches to get internet access and to share resources among themselves and the head office.

PROJECTS

Weather
- **This is a forecasting project that provides users with detailed information about the weather of countries. It helps users to know the weather conditions of other countries**.
- Built with: (React, Redux, Linters)

CDD_360
The application handles clients' required customer onboarding process, Know Your Customer risk classification, AML monitoring & investigations, and documentation processes.
- Built with: (C#)

EDUCATION

MICROVERSE, November 2022– September 2023
Remote Full Stack Web Development Program, Full Time
- Spent 1300+ hours mastering algorithms, data structures, and full-stack development while simultaneously developing projects with Ruby, Rails, JavaScript, React, and Redux.
- Developed skills in remote pair programming using GitHub, industry-standard git-flow, and daily standups to communicate and collaborate with international remote developers.

Catholic University College Ghana, August 2017- May 2021
BSc Computer Science
Honors: Python Programming- From Basics To Advanced Level- 2020
